REWINED

In 2009, Rewined began with a discarded wine bottle and a vision. Today the company is selling high quality repurposed wine bottle candles with scents that mimic the flavours and aromas found in your favourite wine. The Candles are made using a natural soy wax, cotton wicks and an intoxicating blend of custom designed fragrances.

Rewined have now grown and offer beautiful single batch Soap & glassware alongside the candles with more products to follow. Rewined crafts beautifully designed and functional products with a passion for exploring wine and seeking to delight the senses through their products and the stories they capture.

SIGNATURE CANDLES

After collecting thousands of discarded bottles, Rewined brings these empty bottles to life. Every bottle is hand cut, poured with a premium, natural soy wax, then laced with a blend of intoxicating fragrances. All the signature candles are 11oz or 320 grams, sold in case pack of six, with an 80 hour burn time.

LULIE WALLACE

Lulie Wallace, raised in Georgia, in the southern states of America, is an artist and painter, currently living in South Carolina. She is primarily known for painting unique floral compositions. Her collection of products explores the theme of the intersection of art and life. The vibrant patterns and bold colour combinations are taken from the canvas and brought to a new life in a different form.
